

## Art Abilities

### Who Do We Serve?

*Art Abilities* is an Adult Day Training program. We serve participants who are 21 and older with intellectual/developmental disabilities and have the Michelle P or SCL waiver. Participants must have an interest in art and/or music.

### What Does the Program Offer?

*Art Abilities* offers an individualized approach to art programming that includes but is not limited to: painting, sketching, photography, and sculpting. Individualized guidance is

available on Fridays in a variety of musical instruments such as guitar, keyboard, and drums. Community involvement is offered during photography classes, recreational outings, and community art shows.

### What Does the Program Cost?

There is no out-of-pocket cost if a participant has a waiver.

### **Do the Participants Sell Their Artwork?**

Some artwork can be selected for display or sale at local galleries, community festivals and art walks. If a piece is sold, 50% of the profit goes to New Perceptions for supplies and 50% goes to the artist.

### **Program Hours**

*Art Abilities* is part of *The Learning Center*, which operates during New Perceptions' program hours, Monday-Friday, 9:00 AM-4:00 PM. New Perceptions' doors open at 7:30 AM.

### **May Someone Enroll in *Art Abilities* and Another New Perceptions Program?**

Yes. New Perceptions offers a variety of program options. Many participants are involved in more than one. Our team can assist potential participants with scheduling options that meet their needs based on our availability.
